

Finally Slim (Item #6642)

A Healthy and Effective Weight Loss Management Formula

Take This Product Until Desired Weight Reduction is Achieved

Finally Slim contains the missing "Link"!

Many weight-loss products or programs are missing a link! This "link" has to do with facilitating proper nutrition so as to feed the body what it needs, helping to decrease cravings which many of us tend to fill with "empty," nutrient-deficient foods.

With proper nutrition we can lose weight and expect to keep it off! Finally Slim engages the assimilation of nutrients that our bodies need via Universal Formulas' proprietary blend of fulvic minerals and enzymes. The combination of fulvic minerals with enzymes is nature's nutrient-delivery system. We call it the "Tracite Delivery System." Nature employs a combination of enzymes and fulvic minerals to increase oxygen supplies to the inner cell. This in turn increases the nutrient uptake by all cells. It is this unbeatable combination that healthfully enables you in the direction of your ultimate weight loss!

The Tracite Delivery System, or, TDS, is Finally Slim's "Link." The TDS links fulvic minerals to all nutrients and weight loss ingredients, including trace elements and macro-minerals, to increase their absorption and effectiveness by as much as sixty times! This system allows you to mobilize fats, increase metabolism and simultaneously enhance your general well being. Below is further detail on how the key components in TDS such as fulvic acids and enzymes, help in providing proper digestion and distribution of its nutrients.

- ✓ The lack of trace elements in most weight loss programs is a primary reason for the failure of these products, in that they work for only a short period of time. The Tracite fulvic minerals in Finally Slim send key nutrients directly to the inner cellular structure while mobilizing fat in each cell of the body. Fulvic minerals enhance nutrient delivery because they permeate in and around the cell, facilitating fats out of the cell.
- ✓ Humans cannot digest or mobilize lipids out of the inner cellular structure of fat cells, or, out the body without enzymes! When we combine Tracite with enzymes such as the fat-digesting Lipase Enzyme, we "super charge" the Lipase, thereby accelerating the delivery of Finally Slims' ingredients to the areas of greatest need.

Finally Slim delivers lasting weight reduction!

Many formulas for weight loss are simply diuretics that cause rapid water and nutrient evacuation from the system, which results in what at first seems to be rapid "weight loss." However, since the fat cells remain unchanged by such methods, the weight returns to the body because the water is eventually regained. Such products deprive the body of necessary nutrition, ensuring the return of hunger even with a full stomach. An effective weight loss program should aid nutrition by enabling the body to absorb what it needs from food and supplements. In accordance with this, we recommend adequate supplementation of general nutrients during all phases of your weight loss program.

Some weight loss formulas can induce early weight reduction by speeding up the metabolism of the thyroid through fat digestion and mobilization. Weight loss through these types of formulas is not usually sustained, however, without proper activity in the rest of the glandular system. Unfortunately, these same formulas only address the thyroid, not general glandular activity. The glandular system is important to metabolism as well as water movement in the body.

Finally Slim, however, does enrich general glandular activity, balancing the glandular system as well as the body's organs. Also, Finally Slim allows for proper nutrition in the cell and in the body. Finally Slim mobilizes fat while evacuating excess water from cells and tissues. Last but not least, Finally Slim reduces hunger, thereby affecting healthy weight loss that lasts.

Finally Slim ingredients are "supercharged" with the TDS.

The combination of **herbs, enzymes** and **fulvic trace minerals** found exclusively in Finally Slim assists our formula's success. Not only will you lose weight on this formula, you are prone to higher energy levels because you are now getting the nutritive value of your food that you may not have had before. Like a well-tuned and smooth running engine, you will experience greater vitality. This is because these ingredients help to:

- ✓ Mobilize fats and excess fluids out of all the various biological systems;
- ✓ Increase caloric burn rates (thermo genesis) while assisting in the mobilization of undesirable fats and fluids from the cells;
- ✓ Alleviate fatigue often associated with weight reduction: herbs supercharged with the "missing link" will energize the body and mind;
- ✓ Engage continuous weight reduction by assisting lipid metabolism: bio-mechanisms that produce and maintain obesity are inhibited with this increase in lipid synthesis is;
- ✓ Improve liver fat metabolism;
- ✓ Enhance digestion by helping to complete the breakdown of carbohydrates, fats and proteins that have previously remained undigested in the body;
- ✓ Supply protection for the body via natural antibiotics;
- ✓ Enhance eye function;
- ✓ Increase a general sense of well-being;
- ✓ Promote the proper elimination of "old fat" by moving fat from the body tissues into the liver and bowel for processing and elimination: specific herbs for movement of "old Fats" from fat cells to suspension in the liver and bowel. Keeping the fat in suspension allows the various organs of elimination to finally excrete the fat from the body;
- ✓ Provide compounds necessary for adequate adrenal hormone production: adrenal glands stimulate cellular energy production and natural inclination towards exercise;
- ✓ Improve circulation: fat deposits in the blood are decreased, thereby lowering cholesterol levels;
- ✓ Improve the ability for blood to deliver life-force oxygen to cells, thereby improving nutrient uptake and toxin removal by each cell.

Weight Scaled Dosage: Take your weight-scaled dosage 15 minutes before each meal, as follows:

90 – 120 lbs: AM 2 Caps; PM 2 Caps; Evening 2 Caps

120 – 150 lbs: AM 3 Caps; PM 2 Caps; Evening 2 Caps

150 – 180 lbs: AM 3 Caps; PM 3 Caps; Evening 2 Caps

180 – 210 lbs: AM 3 Caps; PM 3 Caps; Evening 3 Caps

210 plus lbs: AM 4 Caps; PM 3 Caps; Evening 3 Caps

Take this product until desired weight reduction is achieved.

Take your dosage with water. Limit alcohol, caffeine, simple sugars and high yeast breads. Finally Slim should be part of weight loss program that also includes a balanced diet of nutritive foods and moderate exercise as well as proper supplementation. You may wish to accompany your Finally Slim dosage with Quint-Essence, Universal Formulas' basic daily whole food supplement.

Ordering Information

Finally Slim (Item #6642) is priced at only: \$66.00 for 300 Vegi-Capsules

Conveniently Order On-line at: <http://UniversalFormulas.com>

**Please DO NOT modify levels of any prescribed medication
without first consulting your physician.**
